Architecture – Interior Architecture – Manufacturing – Decoration

Creating Places That Stand the Test of Time,

Sonja Maraite

Every year begins a new chapter. A chapter shaped by encounters, journeys, materials, challenges, and, above all, a shared passion.

At Les Amandiers Home, we do more than design furniture and interiors. We create places to live. Spaces where people gather, celebrate, and make lasting memories. Places that tell a story—your story.

The year 2026 was marked by exceptional projects across France and beyond. From character-filled country homes and coastal residences to family estates and destinations further afield, reaching as far as the magnificent landscapes of South Africa, each project became an opportunity to explore new sources of inspiration while remaining true to our philosophy: authenticity, timeless elegance, and a deep respect for noble materials.

Solid wood, linen, leather, natural stone, and traditional craftsmanship remain at the heart of everything we create. In a world that moves ever faster, we choose to embrace a slower approach—one that values thoughtful design, meticulous attention to detail, and uncompromising quality.

This year also welcomed the launch of new furniture collections and the continued growth of the Sonja Maraite Collection, conceived as a natural extension of our world: a refined way of living where elegance meets simplicity.

Through these pages, we invite you to discover our projects, our inspirations, the craftsmanship behind our workshops, and the talented people who bring each creation to life. Behind every handcrafted piece, every thoughtfully designed interior, and every completed project lies, above all, a human story.

To our clients, partners, artisans, and dedicated teams, thank you for your trust and loyalty. You are the reason we continue to create with the same passion that has inspired us from the very beginning.

The next chapter is already being written. New destinations, new collections, and exciting new projects are on the horizon, and we look forward to sharing them with you.

Welcome to the world of Les Amandiers Home.

Sonja Maraite
Founder & Creative Director
LES AMANDIERS HOME

South of Africa,

Light, Nature & Authenticity

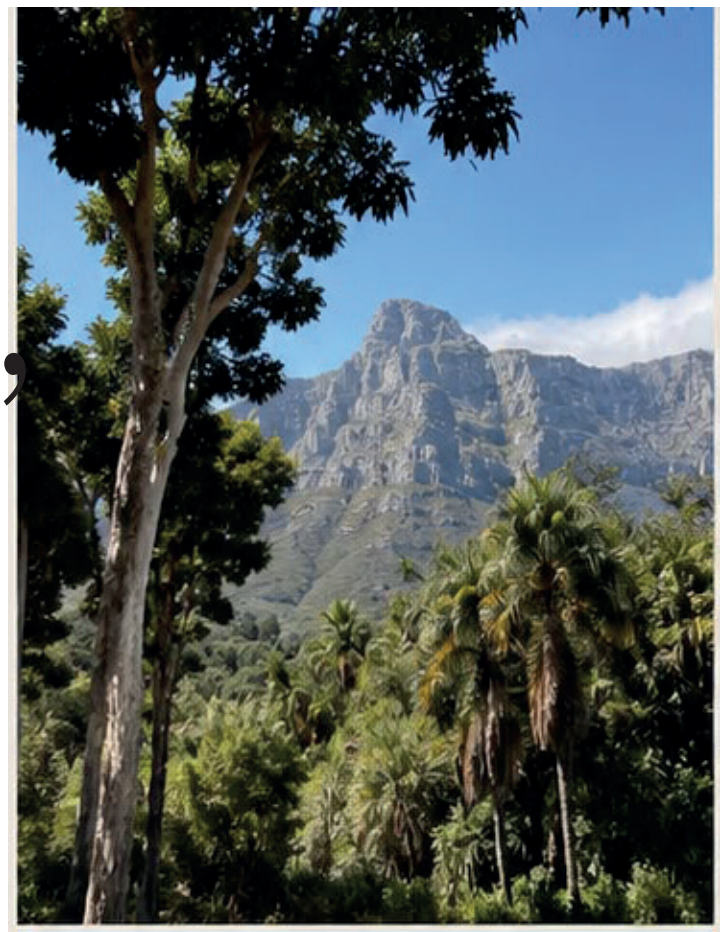

A land of striking contrasts and profound emotion, South Africa inspires us with the richness of its landscapes, the warmth of its colours, and the enduring strength of its traditions.

From the majestic heights of Table Mountain to the untamed beaches along the coastline, through sun-drenched vineyards and the vast open landscapes of the Cape, every destination tells a story—where raw nature meets a distinctive way of living.

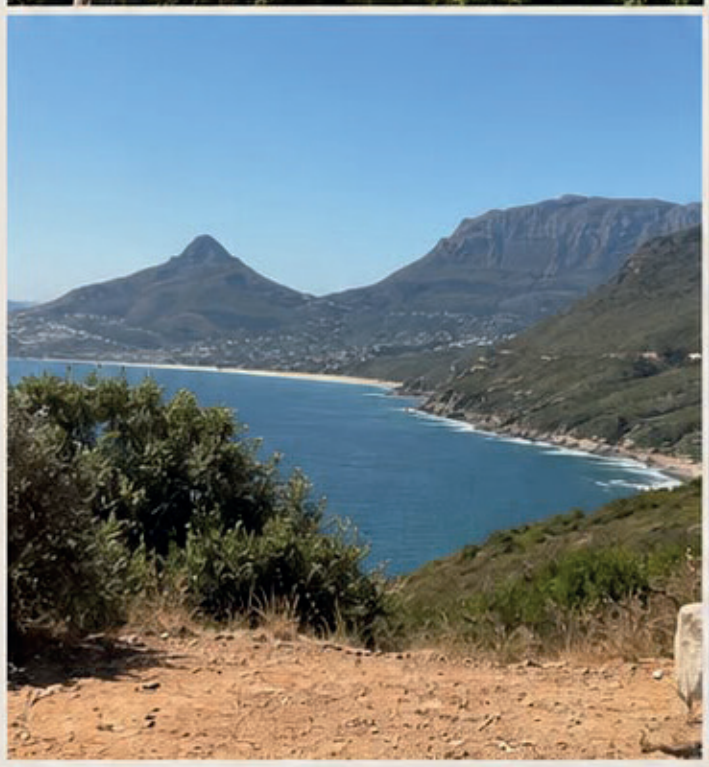

This spirit is reflected in our creations: natural, sustainable materials, authentic textures, meticulous finishes, and timeless lines that celebrate beauty in its purest and most honest form.

More than a style, it is a tribute to authenticity, conviviality, and the deep connection between people and their surroundings.

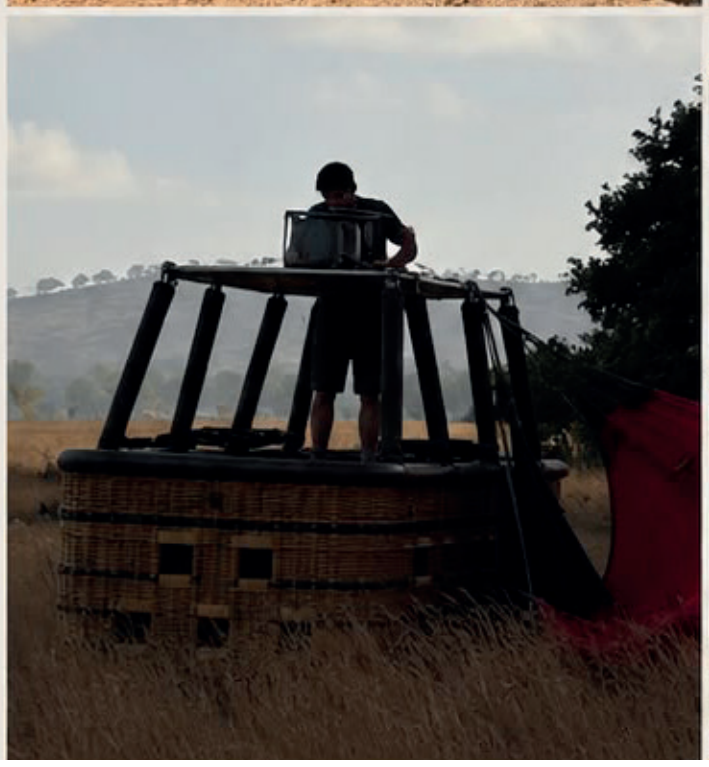

South Africa remains an endless source of inspiration, shaping interiors that are warm, welcoming, and full of life.

RAW & PRESERVED NATURE | CRAFTSMANSHIP & TRADITIONS | NATURAL & SUSTAINABLE MATERIALS | LIGHT & COLORS | SIMPLICITY, AUTHENTICITY & SHARING

South of Africa,

From Inspiration to Design

Western Cape — South Africa

The journey to South Africa marked a defining chapter in the story of Les Amandiers Home.

As we travelled through the landscapes of the Cape, the plains of Montagu, sun-drenched vineyards, and vast untamed wilderness, a vision gradually took shape—an architecture designed to exist in harmony with its surroundings, honour its identity, and stand the test of time with timeless elegance.

Today, that inspiration is becoming reality.

Currently in the architectural design, 3D visualisation, and planning stages, this residential project draws direct inspiration from South Africa's historic farmhouses: thatched roofs, handcrafted brickwork, traditional joinery, natural materials, and living spaces that open seamlessly onto the surrounding landscape.

Every detail has been carefully considered to create a home that is authentic, welcoming, and enduring. Natural textures, solid wood, woven fibres, crafted ceilings, and abundant natural light come together to shape a living environment deeply rooted in its setting.

More than a residence, this project embodies the philosophy that has always guided us: creating sincere, elegant, and lasting places where architecture tells a story.

Designing interiors that tell a story. Creating places with meaning—places that stand the test of time.

Creating interiors that tell a story, a meaningful place that stands the test of time.

AUTHENTIC ARCHITECTURE	NATURAL & DURABLE MATERIALS	LIGHT & OPENNESS	CRAFTSMANSHIP & KNOW-HOW	TIMELESS & WARM
Inspiration from historic South African farms	Wood, vegetal fibers, handmade bricks, thatch, stone	Spaces designed to dialogue with nature and the landscape	Careful finishes and a respect for local traditions	Simple, elegant, and profoundly human living spaces

Project currently in in **architectural** design, 3D development, and administrative steps phase.

LES AMANDIERS HOME — 2026
WESTERN CAPE, SOUTH AFRICA

Grimaud Village,

Authenticity & Craftsmanship,

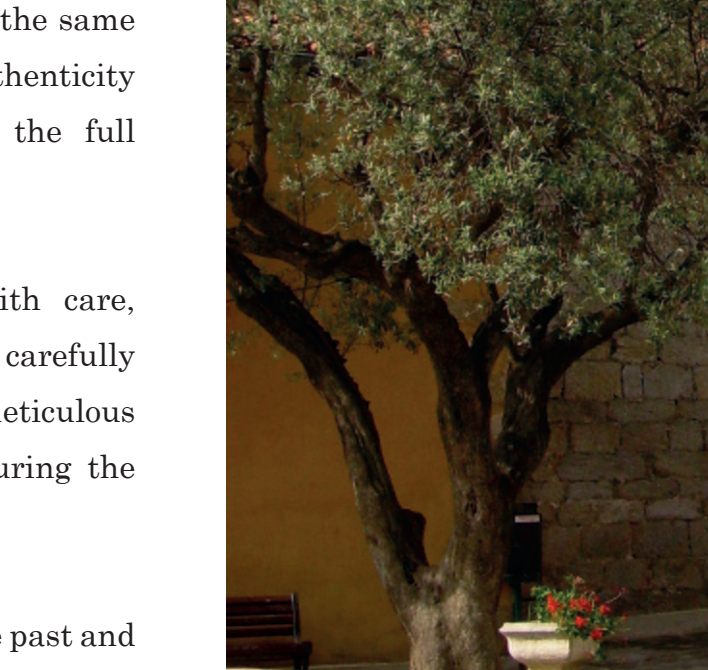

In the heart of the Gulf of Saint-Tropez, the village of Grimaud captivates with its timeless charm, historic streets, and beautifully preserved Provençal architecture.

This year, our teams completed several renovation projects here, guided by the same commitment: preserving the authenticity of each building while revealing the full potential of every space.

Every project was approached with care, combining thoughtful design, carefully selected natural materials, and meticulous attention to detail, all while honouring the region's rich artisanal heritage.

Character-filled village homes where past and present come together in perfect harmony, creating interiors that are warm, authentic, and timeless.

Gigaro Rediscovered Charm

Authenticity & Craftsmanship

Among the flagship projects, the complete renovation of a magnificent property in Gigaro has restored the full brilliance of a residence that had not undergone any major transformation for more than twenty-five years.

A meticulous process in which every detail was reconsidered to revive the timeless charm that defined its original identity.

Noble materials, soft tones, and a warm atmosphere now shape an elegant and authentic living space, in perfect harmony with the spirit of the Mediterranean.

Here, the art of living in Provence is expressed through simplicity and the beauty of authentic things.

Elegance in Its Natural State,

Timeless, Authentic, Essential

Inspired by the light of the South and the raw beauty of natural materials, the Sonja Maraite Collection celebrates a free, natural, and elegant femininity.

Designed for today's woman, it accompanies every moment of the day with simplicity and refinement.

LINEN & SILK
The Perfect Harmony

Each piece is crafted from an exceptional fabric composed of 60% linen and 40% silk, woven in Italy.
Linen brings freshness, texture, and an authentic character. Silk adds softness, fluidity, and subtle refinement.

A perfect balance for lightweight, comfortable garments with a naturally elegant feel, designed to be worn in every season.

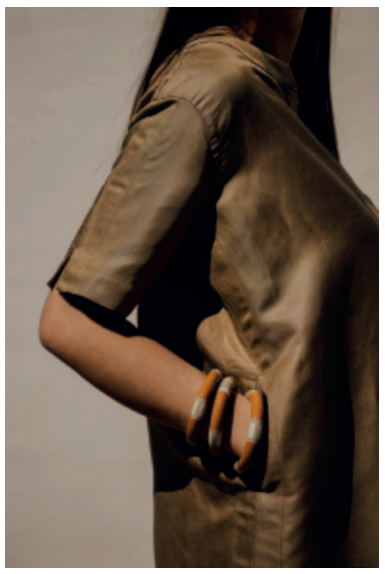

PIECES TO LIVE
Every day, everywhere.

Fluid silhouettes, natural tones, and refined details—the collection is designed to be worn with ease, in everyday life as well as while travelling.

Between city and seaside, work and escape, Sonja Maraite dresses the modern woman with precision and character.
An essential wardrobe—elegant, sincere, and timeless.

· 60% LINEN
· 40% SILK MADE IN ITALY

News Collections,

Create, Design, Craft,

The year 2026 saw the birth of creations inspired by travel, craftsmanship, and noble materials. Each piece tells a story, and each collection expresses an emotion.

Hotels, Travel & Inspiration for Les Amandiers...

South of Africa

From the wild lands of the Karoo to the vineyards of the Cape, South Africa inspires us through its light, its contrasts, and its authenticity.

The Sanbona safari remains a rare emotion—a timeless interlude where nature sets its own rhythm and reveals its raw beauty.

A country that today nourishes one of our most significant architectural projects.

SANBONA WILDLIFE RESERVE | CAPE TOWN | MONTAGU | KAROO

Florence

A city of craftsmanship, heritage, and timeless elegance, Florence holds a special place in our story.

It is here that we reconnect with our love for noble materials, architectural details, and exceptional ateliers that have always nourished our universe.

NOS ADRESSES

- La Botessa
- DiptyqueFirenze
- Les ateliers toscans
- Les vignobles du Chianti

Québec

The strength of wide open spaces. The silence of the forests. Remote cabins lost in nature remind us of what truly matters: creating sincere, warm, and timeless places.

The Soul of Our Workshops

Authenticity, Handcrafted...

For more than 20 years, we have been shaping authenticity.

In our workshops in Sainte-Maxime and the Loire region, each piece is born from a dialogue between the material, the artisan's hand, and the time required for creation.

Against the tide of industrial production, we have chosen to preserve ancestral woodworking techniques and to pass on, day after day, a demanding and precise craftsmanship.

No CNC. No mass production. Only women and men, and hands working wood with passion.

True luxury is not found in quantity, but in the time devoted to creation.

We carefully select our timber, allow it to dry naturally, then work it by hand to reveal its full beauty.

Every joint is made using traditional methods, every finish is hand-applied, every detail designed to last and to be passed on.

Craftsmanship Above All

- Careful selection of premium wood species
- Handcrafted production in our workshops
- Traditional joinery techniques
- Hand-applied finishes
- Collections designed and developed in-house
- Over 20 years of passion and craftsmanship

« Create less, but create better. Pieces designed to last, to be passed on, and to stand the test of time. »
— Sonja Maraite, Les Amandiers Home.

The Workshop Grows, So Does Our Craftsmanship

A New Chapter for Les Amandiers

In Our Workshop in the Loire Region

This year marks an important milestone in the story of Les Amandiers Home.

Our workshop in the Loire region has entered a new chapter with the addition of nearly 300 square metres of production space, designed to support the growth of our bespoke creations and meet the demands of increasingly ambitious projects.

From our historic workshop in Sainte-Maxime to our expanded production facility in the Loire, our showroom in Cannes, and our boutiques in Sainte-Maxime and Grimaud, Les Amandiers Home continues to grow while remaining true to its DNA: artisanal craftsmanship, noble materials, and an unwavering attention to detail.

Behind every piece of furniture, every interior, and every project lie countless hours of craftsmanship, refinement, and dedication. Time-honoured techniques, machines shaping solid wood, and skilled artisans whose expertise brings each creation to life.

More than an expansion, this new workshop reflects our commitment to continuing to manufacture locally, with authenticity and uncompromising quality, while preserving the artisanal spirit that has defined Les Amandiers Home since its beginnings.

Let's Meet...

A Story of Passion, Craftsmanship, and Creation for Over 20 Years,

Our Workshops

Sainte-Maxime

Located in the Camp-Ferrat Business Park, this is where our bespoke creations, furniture collections, and most ambitious projects come to life.

La Fouillouse

Our manufacturing workshop, recently expanded with a major extension, enabling us to support the growth of our collections and meet the demands of increasingly ambitious projects.

Nos Boutiques

Sainte-Maxime

Our historic boutique, a true showcase of the Les Amandiers Home universe.

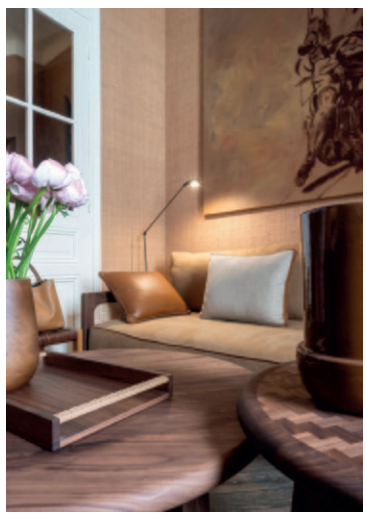

Grimaud

In the heart of the village, an inspiring destination where interior design, furniture, natural materials, and the art of living come together.

Cannes

Our showroom, conceived as a living apartment where visitors can discover our furniture collections and architectural projects.

A Human Adventure,

Behind every project stands an entire team...

For many years, I have had the privilege of working alongside Jean-Philippe Condemine, my right-hand partner in managing our workshops, overseeing production, and developing our creations.

In our boutiques, Virginie Collet warmly welcomes our clients and thoughtfully showcases our collections with dedication and care.

For our architectural projects, I rely on Océane Strinckx and Manon Issartel, who contribute every day to the design, development, and coordination of our projects.

Jean-Philippe Condemine – Workshop Management & Product Development
Virginie Collet – Boutique Manager
Océane Strinckx & Manon Issartel – Architectural Projects

The Future Is Written Together

Above all, this is the story of a young, passionate, and dedicated team.

A team united by the same values: a commitment to excellence, a love of noble materials, a deep respect for artisanal craftsmanship, and a shared ambition to create places that stand the test of time.

Twenty years of hard work, meaningful encounters, and the trust of our clients and partners have brought us to where we are today. Five locations now bring the Les Amandiers Home vision to life.

Tomorrow, we will continue to imagine, craft, and create with the very same passion.

Epilogue...

What matters in life is not merely that we have lived. It is the difference we have made in the lives of others that will determine the meaning of our existence.
— Nelson Mandela —

At a time when everything seems to move ever faster, we have chosen a different path.

The path of time.
The path of precise craftsmanship.
The path of authenticity.

For more than twenty years, Les Amandiers Home has built its story around a simple belief: the most meaningful creations always emerge from human encounters.

Behind every home, every piece of furniture, every chosen material, there are men and women who imagine, design, craft, assemble, and pass on their knowledge.

We still believe in the beauty of things made with patience.
We still believe in the emotion carried by furniture that spans generations.
We still believe in the value of craftsmanship, skill, and transmission.

In a world driven by immediacy, we have chosen to continue creating with heart.

Because a home is not a décor.

It is the stage of a life.

A place where we grow, love, share, and pass things on.

If our creations find their place in these precious moments, then our mission has meaning.

To all those who have supported us since the very beginning—our teams, our artisans, our partners, our families, and our clients who have often become friends—

thank you for your trust.

The story continues to unfold.

With passion.
With high standards.
With humanity.
